

## OGDEN DEPARTMENT.

The branch office of THE HERALD is in room 3, second floor, Cortes block, No. 547, Washington avenue. Advertising rates will be made known upon application to the manager.

THE DAILY HERALD is for sale at all news stands and by all news boys, and is delivered by carrier in Ogden for 50 cents per week. No papers stopped until arrears are paid. Subscribers failing to receive papers promptly will confer a favor by notifying the editor at the branch office. Subscribers are requested to make no payments to carriers or anyone else except the editor. Parties desiring papers stopped or addressed changed must notify the branch office.

J. A. LITTLEFIELD, Manager.  
J. C. BOYCE, Circulator.

THURSDAY, June 19, 1890.

**The City in Brief.**

E. A. Reed, wife and child returned from Cheyenne yesterday morning.

The Ogden and Salt Lake teams will play baseball during carnival week.

The maids of honor to the queen have all been appointed. They will wear the colors of Red, white and blue.

The American Press association and many of the leading journals of the United States will have representatives at the Ogden during carnival week.

An immense building, to be used as a restaurant, is being put up on Union square. It will furnish accommodations for six thousand or seven thousand people.

Colonel C. L. Howard, of the Ogden Military academy, has been detailed by A. H. Hays, general commanding, as adjutant-general and ordered to report for instruction.

The debris was cleared off the ground yesterday and this morning work will be commenced on the foundation of the new business block of the Boyle Furniture company.

North Washington avenue should be sprinkled from the Ogden river bridge to Five Points. The city can well afford to furnish the water, and this city is willing to pay for the expenses of horses and drivers.

The Ogden military cadets' first annual reception and ball at the academy this evening will be a great social success. The young gentlemen have invited a large number of their friends to participate in the festivities.

The order of Patriotic Sons of America patriotically postponed their meeting last night in order to permit the Knights of Pythias, of whom they rent their hall, to use the hall for giving a banquet in honor of the grand lodge.

The census enumerators quit for good last night. It now seems probable that they have taken a very fair census of the city, which would not have been the case if their time for making the canvass had not been extended. There is no means of knowing.

The commencement exercises of the school of the Good Shepherd (Episcopal) will take place in Union square house at 3 p. m. to-day. The program will consist of addresses, essays, songs, presentation of diplomas, etc.

Jake Nelmyer was being examined in the police court last evening on the charge of assault with intent to kill his wife. Her testimony was convincing, and although the examination had not been concluded at 5:30 p. m., it is safe to say that he will be found to answer to the grand jury.

The following, received by this office, explains itself: "O. M. A. Reception. The cadets of the Ogden Military academy will be pleased to see you at the first annual reception, Thursday evening, June 19, 1890. Dancing, 9 to 12." This scribble will "take it in."

The branch office of THE HERALD is now located in room 3, Cortes block, on the east side of Washington avenue. Persons having business with the manager of the Ogden bureau or with the city circulator, will please call and have their wants attended to.

Jens Fransen, of Huntsville, was arrested yesterday on a charge of unlawful cohabitation and taken before a United States commissioner, where he pleaded guilty and waived an examination. He gave a bond of \$1,000 for his appearance when wanted.

The laying of iron pipe for the new water system was begun yesterday. It is thought that within the next ten days the company will be able to pipe down to the reservoir the waters of Taylor canon, which will thus increase the supply and in a measure stop the everlasting kicking now going on, on account of the shortage.

Last evening the grand lodge, Knights of Pythias, were banqueted by their brethren at Castle hall. To-day they will "excure" to Syracuse and bathe in the briny. If the day be pleasant an immense crowd will go on this excursion. The water of the lake is said to be in perfect condition for bathing—warm enough and not too cold for comfort.

Brigham city offers to help Ogden care for her carnival guests. Good for Brigham. It's a beautiful little city and if a special train could be arranged for a run between here and there two or three times a day, there is no doubt that thousands of people would avail themselves of it and partake of the genuine hospitality of the people of Box Elder's capital city.

A messenger service has been established in this city, with a temporary office during carnival week in the carnival restaurant, just west of the carnival palace on Twenty-fifth street and Grant avenue. This is something that has long been needed here. If the proprietors will give prompt attention to delivering messages and packages they will certainly make a success of their new departure.

The stone work on the Reed hotel moves along slower than the head hands of eternity, but it is not the fault of Mr. Reed or the contractor and his stone-cutters. On the contrary, it is expediting to all of them. The reason of the delay is the non-arrival of stone from the quarries at Thistle. For a week or more about ten carloads of stone have been sidetracked down the road and in consequence nearly the whole force of stone-cutters have been laid off.

Mayor Keisel has issued a proclamation to the people of Ogden. He estimates that 50,000 people will be here during carnival week, and says the benefit will be enormous if these people are comfortably quartered and fed. He says it is the duty of the hour to provide for all who come, and that every residence should prepare to take in from one to four times its present inhabitants; that every sentiment of hospitality and determination to provide for the unprecedented host of people should pervade this entire city; that every one should report the number of people they can board or sleep; that temporary buildings should be prepared by every one, the bakers should increase their facilities, grocers and butchers should increase their stocks, residents should lay in their supplies at once and that there must be no extortion practiced or it will meet with prompt condemnation. The next meeting of the organization will be held to-morrow evening in the federal court-room.

Grand Lodge Knights of Pythias.

The grand lodge of the Knights of Pythias met at 10 a. m. A large number of new members was present. The business of the morning session was routine work.

In the afternoon the matter of the suspension of Franchoe lodge was discussed and the lodge reinstated.

The election of officers for the ensuing year resulted as follows: L. H. Paraworth, of Salt Lake, grand chancellor; Williams, of Salt Lake, grand vice-chancellor; Isaac Hughes, of Salt Lake, grand prelate; J. W. Daniels, of Boise, Idaho, grand keeper of records and seal; John P. Forrester, of Ogden, grand master of exchequer; Clay H. Berry, of Caldwell, Idaho, grand master-at-arms; James Spaul, of Terrace, Utah, grand inside guard; John Lindquist, of Ogden, grand outside guard; A. E. Johnson, of Pocatello, grand trustee; H. A. Keeco, of Park City, grand trustee.

The grand lodge has not adjourned and will probably meet this morning and finish up its business.

The lodge will have an excursion to Syracuse to-day.

**What Does It Mean?**

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to direction, are gone in a week. Therefore, be sure to buy Hood's Sarsaparilla, the best blood purifier.

**Pneumonia and Bronchitis Carry off One-Third of the Human Race.**

It is not generally known that pneumonia and bronchitis carry off one-third of the human race, but such are the facts, and what is more surprising, both of these diseases result from neglecting a common ordinary cold, cough should never be neglected. If it is, every time you catch cold you cough harder, and it sticks by you longer. Ballard's horchound syrup is the best remedy in the world for pneumonia, bronchitis and all throat and lung troubles. If you have any throat trouble, call on Ballard's horchound syrup take no other—140.
